ÓL AGUS A BHEITH SÁSTA
WAXYS
IRISH PUB

Dear Loyal Customers

In order to protect you and our staff, we have made the decision to temporarily close Waxy's.

Unless we receive any other instructions from the government, we will review this closure in 2 weeks and decide again how to move forward with the best advice available at the time.

As a family owned business, the well being of our staff and customers is and always will be front and centre to everything we do. Given the developing Coronavirus situation, we feel this regrettable but proactive approach is the right one to take.

We will be sure to inform you of any future updates and look forward to the day we are *(safely)* able to open our doors to you once again. For now, we wish you, your family, friends and loved ones good health in these trying times.

Mitch & all the Waxy's team.... Sláinte !!
